

TSI RANKINGS REPORT

COROMANDEL

Q1 2022

ABOUT THIS REPORT

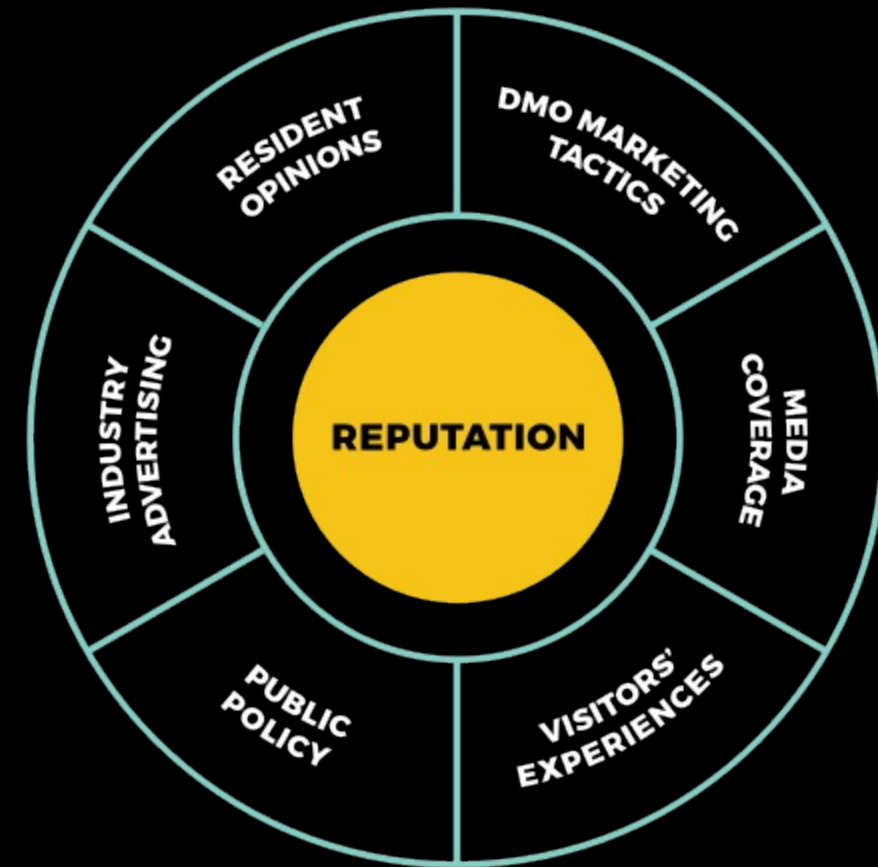

Measure the complete brand behind your reputation with the Tourism Sentiment Index®.

Your organization exists to encourage people to visit. It is a vital force and a vital voice, but it is not alone. Operators, residents, visitors, media and associations are among the many who contribute to your complete brand and, ultimately, its success. Together, these are the voices that build your reputation.

Your organization has a special impact on the complete brand as it directly supports the tourism industry, plus it influences those who intersect and interact with tourism. Knowing the state of your destination's reputation – the results of your activities combined with all the others – is a new necessity for destination marketers.

Tracking reputation is how you measure your destination's success.

Tourism Sentiment Score® is how you measure your reputation.

USING THE QUARTERLY RANKINGS

This report is issued every quarter of the calendar year to:

Deliver the best headlines about your destination.

Track key changes in your destination's reputation, based on its Tourism Sentiment Score®.

Rank destinations around the world in overall performance and for each of the tourism assets monitored by Tourism Sentiment Index.

With this report, your organization can regularly:

Update the reputation KPI.

Share good news and positive developments about your destination with stakeholders and the wider community.

Track performance changes over time, including how specific industry sectors are contributing to success.

Understand how your destination compares to others in your area and around the world.

RANKINGS**

COROMANDEL HEADLINES FOR Q1 2022

These are the performance highlights for your destination. Share these with stakeholders and your wider community.

Coromandel had a Tourism Sentiment Score® of 27.7.

Coromandel's Tourism Sentiment Score® is up 22% compared to last quarter and up 8% over Q1 2021.

Coromandel ranked #41 in the world this quarter.

The top contributors to Coromandel's overall performance were: Beaches (51%), Fishing (12%), and Nature Photography (11%).

Beaches in Coromandel generated 26% more positive sentiment than the global median for this tourism asset.

UNDERSTANDING THE TOURISM SENTIMENT SCORE®

The best way to power your destination's success is to foster a reliable, positive reputation.

The best way to track your destination's success is to measure its reputation through the Tourism Sentiment Score®

Your destination's Tourism Sentiment Score® is calculated by analyzing millions of pieces of online content that have been categorized into as many as 50 tourism assets. This captures the many voices of your complete brand and expresses through a score whether their impact is positive or negative.

COROMANDEL BENCHMARKS

The Tourism Sentiment Score® at global, national or other levels provides benchmarks that your destination should aim to meet or exceed. When it does, your reputation is strong, and your destination is on the road to success. Track and report performance benchmarks throughout the year.

	MEET OR EXCEED THESE BENCHMARKS	YOUR DESTINATION'S SCORE	SUCCESS?
GLOBAL	19.7	27.7	✓
NATIONAL	20.6	27.7	✓
WAIKATO	25.8	27.7	✓

WHAT BENCHMARKS REVEAL

Coromandel's Tourism Sentiment Score® of 28 in Q1 outperformed all three benchmarks at the global, national and Waikato levels.

This places Coromandel at the global rank of #41.

COROMANDEL DRIVERS

The tourism assets named here appeared most often in the data analyzed to calculate your destination's Tourism Sentiment Score®. They are driving your overall performance and have the most impact on the destination's complete brand. Are they already important parts of your tourism offering? Is their appearance here something to publicize? Are they part of your promotions? If not, should they be? There could be opportunities to enhance the performance of the complete brand by focusing on these.

COROMANDEL
**DESTINATION
ANALYSIS**

COROMANDEL TRENDS

Following how your Tourism Sentiment Score® climbs over quarters, or goes through cycles rising and falling, identifies time periods that you can investigate to learn what was working well or what to improve. It could reveal the influence of new tourism experiences, campaigns coming and going, happy crowds during festival season and so on. The global average is included as a comparison and reflection of how the tourism industry is faring internationally. Think about elements that may be pushing your score throughout the year to plan how to improve your complete brand.

PERFORMANCE ANALYSIS

Over the past 15 months, Coromandel's performance has been increasing at an average rate of 5.7%. This is ahead of the Waikato average trend of -6.5%.

Coromandel's Tourism Sentiment Score® is up 22% compared to last quarter and up 8% over Q1 2021.

COROMANDEL COMPARISONS

Looking at five similar destinations, you can see how your destination ranks and understand how to think about your destination's performance. How much higher or lower is your Tourism Sentiment Score®? Consider researching what was happening in the other destinations that may have contributed to their scores, especially the tourism assets that were contributing most to their complete brands.

RANK	DESTINATION	TOURISM SENTIMENT SCORE®	TOP TOURISM ASSET
41	Coromandel	28	Beaches
89	Taupo District	24	Hiking + Rock Climbing
262	Lake Wanaka	19	Hiking + Rock Climbing
422	Nelson	15	Festival + Events + Concerts
428	Mount Maunganui	15	Festival + Events + Concerts
452	Manawatu Region	13	Festival + Events + Concerts

COROMANDEL DRIVERS IN DETAIL

Taking a closer look at the tourism assets having the most impact on your complete brand, you can learn about their popularity based on how much of the analyzed data they represent, and how each one's performance is developing. You may also see one of them noted as particularly strong and worth greater consideration and attention in your own activities, including PR.

Beaches

This asset represents **51%** of Coromandel's Tourism Sentiment Score®.

Performance compared to last quarter: **- 18.4%**

Performance compared to Q1 2021: **+ 18%**
